## Beyond the Veil

Did you know that March is Women's History Month?

Yes, as recently as the 1970's, women's history was virtually an unknown topic in the K-12 curriculum or in general public consciousness. To address this situation, the Education Task Force of the Sonoma County (California) Commission on the Status of Women initiated a "Women's History Week" celebration for 1978. The week March 8th, International Women's Day, was chosen as the focal point of the observance.

As we here at A LOTT of Sista Love, Inc. celebrate The Gifts of Women this month. I pondered what to write as my spirit went back to what I had sent my Daughters and Spiritual Daughters who have Daughters.

*"Our daughters will only be what they see in us.*

*If we stick and stay they will,*

*If we fail, they will*

*If we are weak, they will be weak*

*If we are afraid, they will be afraid*

*If we are irresponsible, they will be irresponsible, too.*

*If we are bold, they will be bold*

*If we pray, they will pray.*

*If we stand, they will stand*

*If we fall, they will fall*

*If we sit back and do nothing, they will too.*

*If we sow, they will sow*

*If we take, they will be takers too*

*If we allow control, they will allow control*

*If we seek GOD, they will too*

*If we love unconditionally, they will too.*

*If we are not committed, they won't be either.*

*If we are determined, they will be determined.*

*If we love THE LORD they will too.*

*They can only truly be what they see, NOT what they are told."*

Let's be the living example for them and examine ourselves for where we are and want them to be. We have become selfish in our walk and that IS not GOD's plan.

I sent this in January to empower them to be the best example of living for not only their daughters but for other women that may see them as that light...It is fitting that the theme for this year's Women's History Month is Women's Education, Women's Empowerment. It is a reminder that we must continue to educate ourselves and others as well as empower. *Wonder what the women say to their daughters and other women who look up at them when life continues to repeat itself in their life? DO they lie?*

*Do they blame others?*

*What explanation is it when you are all alone or don't have others around you who truly love and support you?*

As we go beyond the veil in 2012 remember our mission is to empower women to reach their full potential, to make their dreams a reality, and celebrate life with one another to GOD's fullest.
